

NIAZI MEDICAL COLLEGE, SARGODHA

STUDENT TRANSFER POLICY

The following student transfer policy of Niazi Medical & Dental College is in line with the PM&DC regulations as well as University of Health Sciences' rules.

- Migration will be allowed from one recognized college to another recognized college; only when the MBBS applicant reaches in the third year.
- No objection Certificate from the relieving college and accepting college (by the Principals).
- No Objection Certificate from the parent University, in case of Inter-University migration.
- Migration of a student shall be allowed only if he/she has time at his/her disposal, before taking final examination (UHS examination in that relevant year), to study at-least for one calendar year in an institution affiliated with UHS to which he/she is migrating.
- A student migrating in to colleges affiliated with UHS in 4th or final year MBBS class/ 3rd year BDS class, who has not studied Behavioral Sciences in previous institution will be required to take the examination in the first available Professional examination provided Principal of the institution concerned certifies that exhaustive arrangements for training and education of the candidate have been made and that he has fulfilled the requirements for taking the examination.
- No migration shall be allowed from a private institution to a public institution or from a public institution to a private institution.
- A migration will be allowed only if that does not result in any increase in the number of seats sanctioned in the institution.
- In inter-University migrations where the syllabi of two universities are not similar, equivalence will be determined by University of Health Sciences.
- An application for the migration will be submitted by the student himself /herself and not through a nominee or relative of the student.
- Payment of prescribed fee will be ensured before processing the application.
- Detailed transcript / academic records in case of inter – university migration will be arranged.
- Migration of Pakistani students studying in overseas medical / dental Colleges shall be allowed provided:
 - a) There is a scheme of reciprocity between the two countries or
 - b) Specific permission has been granted by the PM&DC Council to register those basic qualification or
- a. The qualification is included in the PM&DC schedules permanently without any prohibiting provision.
- The College will strictly follow PM&DC /UHS rules effective at the time of application for migration.
